## 250 Yamaha Scrambler

I became interested in motorcycles as a young fella riding on the back of my friend (George Pihach's) BSA Lightning 650!

Reason for Joining: Great bunch of guys + the idea of promoting motorcycling.

Lots of funny stories but can't divulge details in order to protect the innocent!

Events: Participated in Food Booth, Track, Prep and running of Races.

Construction: Part of the team to resurface the track in 2020. Some electrical work and General maintenance of machinery.
